EXECUTIVE SUMMARY:

Dedicated and results-driven Software Development Engineer with 3 years of experience in designing, implementing, testing, and maintaining software solutions. Proven expertise in Angular (Front-end Development), .NET Core Web API (Backend Web API) basics, and MS SQL. Adept at collaborating with cross-functional teams to deliver high-quality software products within specified timelines.

PROFILE SUMMARY:

- Having 3 years of experience on angular.
- Trained on .NET MVC (Model View Controller) and in Html, CSS, Bootstrap, Angular and JavaScript as an intern
- Understanding Software Requirement Specification.
- Excellent team player with effective communication skills and a quick learner.
- Has the ability to quickly adapt to new environments and technologies.

SKILLS:

- **Programming Languages:** C#, JavaScript, Typescript
- **Web Technologies:** HTML, CSS, JavaScript, jQuery, Angular
- **UI & State Management Libraries** - Kendo UI, Material UI, Primeng UI, ag-grid, Rxjs, NgRx
- **Version Control** - Proficiency in Git version control
- Experience in integrating with web APIs and Third-party API Integrations
- **Agile Practices** - Experience working in an Agile development environment
- .Net Core, Web API Basics.

WORK EXPERIENCE:

March 2022 - Present

Software Development Engineer | People Tech Group | Hyderabad, Telangana

Technologies: Angular Material, .NET framework 6.0, web API, Postgres (Basics)

Description:

- Spearheaded the development of a cutting-edge Smartlinx Health care Domain web-based enterprise solution as a Full Stack Developer, utilizing Angular for the front end, .NET Web API for the backend, and MS-SQL for the server side.
- Architected and implemented responsive and user-friendly frontend interfaces using Angular, ensuring seamless user experiences across various devices.
- Designed, developed, and maintained robust backend services and APIs using .NET Web API, facilitating efficient communication between the front end and server.
- Conducted regular code reviews and collaborated with team members to ensure adherence to coding standards, maintainability, and performance optimization.
- Played a pivotal role in the agile development process, participating in sprint planning, daily stand-ups, and sprint reviews to ensure the timely delivery of project milestones.
- Successfully delivered Schedule Optimizer and schedule Rotation Template Module Features meeting or exceeding client expectations and project timelines.

URL:

PROJECT EXPERIENCE:

Company: PeopleTech Group

Project: Smartlinx Workforce Management Application

- Smartlinx is a comprehensive workforce management application designed to streamline scheduling, employee work assignment, and optimization. As a key contributor, I played a crucial role in the development of the Schedule Optimizer Module, focusing on enhancing the efficiency of employee work schedules through innovative planning and implementation strategies.

Responsibilities:

- UI Functional Development: Led the frontend development using Angular, creating an intuitive and user-friendly interface for schedule planning and optimization.
- API Creation: Debugging the code and finding the issues and resolving them.

Key Achievements:

- Successfully implemented the Schedule Rotation Template (SRT) as a planning tool, allowing dynamic and automated scheduling based on predefined templates.
- Streamlined the schedule planning process, resulting in improved efficiency and reduced manual effort in workforce management.

EDUCATION QUALIFICATION:

- **B. Tech** from Sphoorthy engineering College, JNTU Hyderabad in 2020, with First class Distinction, secured 75.6%.
- **12th** from Sri Gayatri junior college, Hyderabad in 2016, with First class Distinction, secured 91.3%.
- **10th** from Siddhartha Model High School, Hyderabad in 2014, with First class Distinction, secured 92.

DECLARATION:

I hereby declare that the information furnished above is true and correct to the best of my knowledge and belief.

Place: Hyderabad

Date:

Yours Sincerely,
Roshita Battula.
